

HEART O' TEXAS FAIR & RODEO 2009 Livestock Medical Release Form

This form must be completed for each student who will be participating as a livestock exhibitor in the 2009 Heart O' Texas Fair & Rodeo Livestock Show. This form must be completed and returned to the Livestock Department by September 25, 2009. In addition, contestant's requiring medical attention 30 days prior to their scramble date must provide a doctors release at check-in. Participants will not be allowed to show if either of these requirements is not met.

If any of the answers to these questions are yes, please explain the problem or complications. Also, you should list any of the medication which are related to the problem.
